**NEW QUESTION: 1**

- A. Option B
- B. Option C
- C. Option D
- D. Option A

**Answer: C**

Explanation:

Select the method by which invoices are summed in the automatic payment proposal period:

Invoice - Create one payment transfer for each invoice. This is the default value for this field.

Date - Combine all invoices that have the same due date.

Week - Combine all invoices that have a due date in the same week.

Total - Combine all invoices from a vendor in the same payment.

Reference: Methods of payment - vendors (form) [AX 2012]

**NEW QUESTION: 2**

Which of the following should be a concern to an IS auditor reviewing a wireless network?

A. 128-bit static-key WEP (Wired Equivalent Privacy) encryption is enabled.

B. MAC (Media Access Control) access control filtering has been deployed.

C. SSID (Service Set Identifier) broadcasting has been enabled.

D. Antivirus software has been installed in all wireless clients.

**Answer: C**

Explanation:

SSID broadcasting allows a user to browse for available wireless networks and to access them without authorization.

Choices A, C and D are used to strengthen a wireless network.

**NEW QUESTION: 3**

Why is it important for the chief audit executive to periodically review the audit charter and present the results to senior management and the board?

A. Because changes in the organization may impair the internal audit activity's ability to meet its objectives.

B. So that the individual objectivity of the internal audit staff can be more clearly established.

C. So that there is assurance of the internal audit staff's proficiency to complete audit activities.

D. Because management requires the review to measure effectiveness of the internal audit activity.

**Answer: A**
