NEW QUESTION: 1

In a meeting with a customer that runs a fully automated manufacturing facility that is connected to the business and corporate offices, the operations manager asks why they need IntroSpect to monitor the manufacturing network. Is this a reason they should monitor the manufacturing network security?

(Because the controllers and sensors do not store customer data or corporate intellectual property, even if the automation network was to be breached it would not expose anything valuable.)

- A. Yes
- B. No

Answer: B
