NEW QUESTION: 1

In GVP log files, what timezone are the timestamps in?

- A. WST
- B. UTC/GMT
- C. Local timezone of the GVP server
- D. EST

Answer: B

NEW QUESTION: 2

The approval process is executed when approved by which user type?

- A. The administrator user type
- B. The user type configured for approval in the approval process being executed
- C. The user type of the user created both the application processes and the component processes
- D. The user type currently configured to execute the process

Answer: B

Explanation:

Explanation/Reference:

Deployment approvals are created in a process that specifies the job that needs approval and the role of the approver. When a request for approval is made, the users with the corresponding role are notified of the work item through email. The approver has the liberty to approve or reject a deployment as well as provide comments to the decision.
