Which of the following process involves determining project

roles, responsibilities, and reporting relationships, and develops the staffing management plan?

- A. Acquire project team
- B. Develop project team
- C. Manage project team
- D. Human resource planning

Answer: D

NEW QUESTION: 2

Which of the following is a benefit of using a proxy server?

- A. DHCP
- B. DNS
- C. TTL
- D. IP

Answer: D

NEW QUESTION: 3

Which of the following is an advantage of proxies?

- A. Proxies do not protect the base operating system.
- B. Proxies create a single point of failure.
- C. Proxies must exist for each service.
- D. Proxies provide a single point of access, control, and logging.

Answer: D

Explanation:

Explanation/Reference:

Explanation:

Proxies provide services through a single access point. Proxies can be installed in order to eavesdrop upon the data-flow between client machines and the web. All content sent or accessed - including passwords submitted and cookies used - can be captured and analyzed by the proxy operator.

Incorrect Answers:

B: A proxy can handle many services, not only a single service. A client connects to the proxy server, requesting some service, such as a file, connection, web page, or other resource available from a different server and the proxy server evaluates the request as a way to simplify and control its complexity.

C: Proxies does not create a single point of failure.

D: Firewall proxies protect the base operating system.
